Re: Petition to disqualify Director

Anderson from office

I have lived most of my 78 years on Cortes Island, been actively involved in the community and the island "politics", (both as an APC member and a Director at the CSRD) and have enjoyed the continuing, engaged and supportive dynamic that keeps our community flourishing.

I have known Noba Anderson for most of her life and, more closely, as a member of the APC under her directorship. While she has served as the Director for Cortes Island, I have NEVER had any impression that she has been involved in any activity that could be construed as furthering her own interests.

On the contrary, at the SRD I feel that she promotes the broad interest of our community that fairly reflects the majority consensus. I appreciate that not all community members will agree with her direction but Cortes has a very engaged community and, by the time our Director makes a presentation to the Board, it has been pretty well dealt with within the community.

I support Noba in her life and in her role as representative of Cortes at the SRD. The petition that you are dealing with is a reflection of our times and, I feel, the accusations are groundless and a misconstruing of the facts.

Yours truly,

Bruce Ellingsen.
