Subject: Petition against Regional Director Anderson Court File No: CAR-S-S-14585

Hello SRD ADMINISTRATION,

For your information, as a contributor to the Gofundme campaign launched by Lovena Harvey to help fund new accommodation for Anderson's father after the fire, I can assure you that I have received no special considerations from SRD whatsoever as a result of my contribution. I find this petition troubling and a sad reflection on our community that there are such mean-spirited individuals within it. The petition is frivolous at best and a huge waste of time for Anderson and other residents of Cortes Island.

Sincerely,

David Hughes

Ps. I ask that you forward this to all the Board members of SRD as well. It is important that the Board see this evidence to help exonerate Anderson from this malicious prosecution. I am happy to discuss any questions the Board may have. I can be reached at 250-830-3662,

Sincerely,

David Hughes
